Streamlining product range of Data and Signal connectors

Phase-out of a particular product range

General

The production tools for the product range of the Data and Signal connectors are end of life and has to be re-established. This requires also a streamlining of the range of these products, because low sales volumes do not justify any investments in some groups. Due to the high risk of an immediate breakdown with a stop of production we have to set the deadline for the last order date relatively short:

Last order date: 30.06.2016

For the products remaining in our portfolio new tools are made to provide them continue in high and reliable quality. These are the products with Ø 3.5 mm / 3-pole and Ø 7.5 mm / 6-pole.

Product range in Phase-Out

The following product ranges and part numbers are affected by this phase-out:

- | | | |
|---------------------|----------|----------|
| - Ø 2.5 mm / 2-pole | 4801.* | |
| - Ø 3.5 mm / 2-pole | 4802.12* | 4802.22* |
| - Ø 6.3 mm / 2-pole | 4803.12* | 4803.22* |
| - Ø 6.3 mm / 3-pole | 4803.13* | 4803.23* |
| - Ø 7.5 mm / 6-pole | 4804.16* | 4804.26* |

A detailed list with all the part numbers is included in the attached Excel file.

If you have any questions please do not hesitate to contact us.
