Product Termination Notification

Dear Valued Customers,

Please be informed of the following Product Termination Notification.

Products Terminated: Glass over coating Chip resistors and network resistors.
Resistance range is from 1.0ohm to 10Mohm.

Customer Part Number	ROHM Part Number	Alternative Part Number
	MCR01 MZS J	ROHM; MCR01 MZP J
	MCR03 E6H J	ROHM; MCR03 EZP J
	MCR03 EZH J	
	MCR03 QNH. J	
	MCR10 E6H J	ROHM; MCR10 EZP J
	MCR10 EZH J	
	MCR10 EZH F	ROHM; MCR10 EZP F
	MCR10 EZHD FX	
	MCR18 E6H J	ROHM; MCR18 EZP J
	MCR18 EZH J	
	MCR18 FZH J	
	MCR18 EZH F	ROHM; MCR18 EZP F
	MCR18 FZH F	
	MNR04 M0AB J	ROHM; MNR04 M0AP J
	MNR14 E0AB J	ROHM; MNR14 E0AP J
	MNR14 E6AB J	

Reason for the Termination:

- PTN objected products are glass type resistors that use glass for resistor element overcoat and side termination. Glass type was original products of chip resistors. But glass coating was legacy technology and market demands changed from glass type to resin coating type.

- ROHM has been producing both types for long time following customer requirement even though ROHM announced PCN (Glass type => Resin type) in Y2006.

However, Glass Types are become minor portion of production and ROHM is suffering cost increase for maintaining Glass.

- Due to above reason and situation, ROHM would like you to accept our PTN.

End of Life (EOL) Timeframe:

Receipt of Last Time Buy Jun 2018
Last ship date December 2018

We sincerely appreciate you for your cooperation.
