**Subject : End of Life(EoL) and Product Change Notification**

---

Dear SIMCom Customers :

Because of the PA used in current SIM800 series modules was already EoL by the chipset provider, so we are sorry to inform you that most of our SIM800 series module products are going to be phased out soon.

We will continue to supply these SIM800 series modules until your last order is fulfilled. Purchase orders will be accepted until 2022/4/30 and the last order will be delivered before 2022/5/31.

For some mainstream modules, we have add alternative ones as replacement. SIMCom declares that this change will not affect the customer application. The alternative PNs can continue for a longer lifetime.

For more detail, pls refer to below table.

Thank you for your support of SIMCom products.
