

06 March 2007

Dear Customer,

The below part numbers were updated by STMicroelectronics during the transition to RoHS compliant product, an E- was prefixed on the part number to indicate the devices were RoHS compliant. STMicroelectronics have now advised that these part numbers will revert back to the original part numbers (without the E- prefix) now that all production has moved to RoHS compliant. A cross reference of the old to new part numbers is supplied below.

Existing Anglia P/N	Alternative Anglia P/N
E-UC3842BD1013TR	UC3842BD1013TR
E-ULN2001A	ULN2001A
E-ULN2002A	ULN2002A
E-ULN2003A	ULN2003A
E-ULN2003D1	ULN2003D1
E-ULN2003D1013TR	ULN2003D1013TR
E-ULN2004A	ULN2004A
E-ULN2004D1	ULN2004D1
E-ULN2004D1TR	ULN2004D1013TR
E-ULN2803A	ULN2803A

Note, there is no change to the specification of the devices as this is a part number change only.

Please ensure this information is passed onto the relevant departments in your organisation so your systems can be updated, we will automatically transfer any outstanding orders over to the new part number as the stocks are exhausted.

Yours Sincerely

Anglia
