Ordering No. changes:		☐ Yes	☒ No
New Ordering Code:			

Description:	Due to the end-of-life of certain key electronic components, Gemalto M2M GmbH is forced to phase out the above mentioned products. As an alternative for cost-optimized applications, a migration to the new solderable 3G and 4G platform is also possible via a carrier board. A reference design for this board is available upon request. Customers wishing to issue a last time order to cover remaining demand should place a non cancellable/non returnable (NCNR) order before December 31, 2015.
