- 3) With regards to the requirement of Article 67 of REACH: A substance on its own, in a preparation or in an article, for which Annex XVII, contains a restriction shall not be manufactured, placed on the market, or used unless it complies with the conditions of that restriction. We declare that substances under restricted conditions are not present in these products.

As REACH regulation is updated frequently, for the major changes afterward, such as the addition of SVHC substances into the Candidate list & Annex XIV, and the addition of restricted substances in Annex XVII, we will evaluate the further revision in time and update this declaration to reflect those changes.
