

Declaration of REACH SVHCs Disclosure

Dear Customers,

Firstly, thank you for your great support to our company as always!

Today, with the increasing awareness of environmental protection, it is necessary to carry out enterprise activities and production activities on a higher level of environmental awareness. In order to promote these activities, Hongfa actively responds to the requirements of EU No. 1907/2006 on Registration, Evaluation, Authorization and Restriction of Chemicals (REACH). When the relevant regulations are changed or the materials of parts are changed, Hongfa will take the initiative to carry out the investigation on the environment-related substances to the suppliers, inform the customers and provide new relevant documents.

On June 14, 2023, the European Chemicals Agency added two more chemicals of high concern, bringing the total to 235. See details (<https://echa.europa.eu/candidate-list-table>).

Hongfa investigated the supply chain of relay products and confirmed that 235 highly concern matter were not intentionally added or used in the supply chain. In the future, Hongfa will continue to follow the latest situation of the law.
