
Modern Slavery Act 2015 Statement

This statement supports our commitment to limiting the risk of modern slavery occurring within our own business or infiltrating our supply chains or any other business relationship in regards to section 54 of the Modern Day Slavery Act (2015) and summarises our slavery and human trafficking Policy.

Anysolar develops, designs, manufactures small solar module to customer requirements on our site based in South Korea.

Supply Chain

Cells, PCBs, Polymer films and transportation are purchased through approved sources once they have been reviewed and added to our Approved Supplier Register.

Our Policies

We are committed to ensuring that there is no modern slavery or human trafficking within our supply chain or any aspect of our business. The Anti-slavery Policy reflects our commitment to managing our business both ethically and with integrity to prevent slavery and human trafficking within its scope of activities.

Due Diligence

To identify and address risks, all new suppliers are assessed in terms of their locational risk factors, evaluated via self-assessment audits or onsite visits and, if required, improvement activities agreed.

Training

We ensure employees are made aware of the risks of modern slavery and human trafficking and provide the necessary training to enable purchasing decisions to be made in line with our policy.

This statement is made on behalf of Anysolar Ltd. in regards to section 54 of the Modern Slavery Act 2015.
