

Declaration of Compliance

TSCA

Prepared for: Anglia Components

In compliance with the Toxic Substances Control Act (TSCA) and its associated regulations (Title 40 of the Code of Federal Regulations), Isocom Components 2004 Ltd has assessed the chemical substances used in the products listed on page 2 of this document, for compliance with TSCA requirements.

We confirm that, based on all information available to us, all chemical substances used in our parts are either listed on the **TSCA Inventory** or are otherwise exempt from listing. Furthermore, none of the chemical substances in our products are subject to restrictions or prohibitions under TSCA, including Persistent, Bioaccumulative, and Toxic (PBT) substances as regulated under **40 CFR Part 751**.

This declaration is based on information provided by our suppliers and our internal assessments. We are committed to maintaining compliance with TSCA and will continuously monitor any changes to the regulations or the composition of our products.

This statement is valid for the articles listed on page 2 of this declaration and is correct as of the date below. While we strive for accuracy, this declaration does not constitute an absolute guarantee or warranty of compliance. Should you require further information or clarification regarding our compliance status, please contact us at compliance@isocom.co.uk

Dated: 28th August 2025
