**Subject: Manufacturing Site Extension for Polyfuse® Radial Leaded PPTC**

As part of production contingency plan, Littelfuse is going to add one more manufacturing site for Polyfuse® Radial Leaded PPTC, the new manufacturing site locates in Kunshan City, China.

All affected products will be fully qualified in the new site in accordance with established performance and reliability criteria. Full qualification data and/or samples will be available upon request.

As a result of Littelfuse Global Labeling Standardizing effort, the new plant will be using Littelfuse Standard label format which is slightly different on format but maintaining all the requested content field, please refer to below comparison.

	Label from Existing Plant	Label from New Plant
Size	60mm*40mm	100mm*50mm
Picture	 <p>The image shows a 60mm x 40mm label for Littelfuse PTC 16V Polyfuse Ammo Radial Leads 9A. It includes part number (1P) 16R800GMR, lot number 1084538-L10062, quantity 1000, and various certification logos like TÜV, RoHS, and HF.</p>	 <p>The image shows a 100mm x 50mm label for Littelfuse PTC 16V Polyfuse Ammo Radial Leads 9A. It includes part number (1P) 16R800GMR, lot number 1084538-L10062, quantity 1500, and various certification logos like e, INSP, and RoHS. It also mentions 'MADE IN CHINA' and 'KUNSHAN'.</p>

## **Timeframe**

The new site will start to build parts from **Mar 1<sup>st</sup> 2021**. Customers can expect products from both sites after Mar 1<sup>st</sup> 2021.

Should you have any query about this change, please contact your local Littelfuse sales office or Littelfuse authorized distributor.
