Scheduled date of introduction: January 25, 2014 (or earlier after customer release)
 Samples: Available immediately upon request

The technical performance of the new coating material does not differ from that of the currently used material, but has a slightly different color. Internal qualification of the new material has been completed; the qualification reports are available upon request.

This change has no effect on the quality or reliability of the affected products. The specified electrical and mechanical properties remain unchanged.
