CHANGE DESCRIPTION

Cree will begin shipment of XLamp XB-D, XT-E & XP-G2 LEDs with a modified carrier tape. This change will improve the pick-and-place performance for these LEDs. The quantity of LEDs on a reel remains unchanged. The new carrier tape dimensions are shown on the next page.

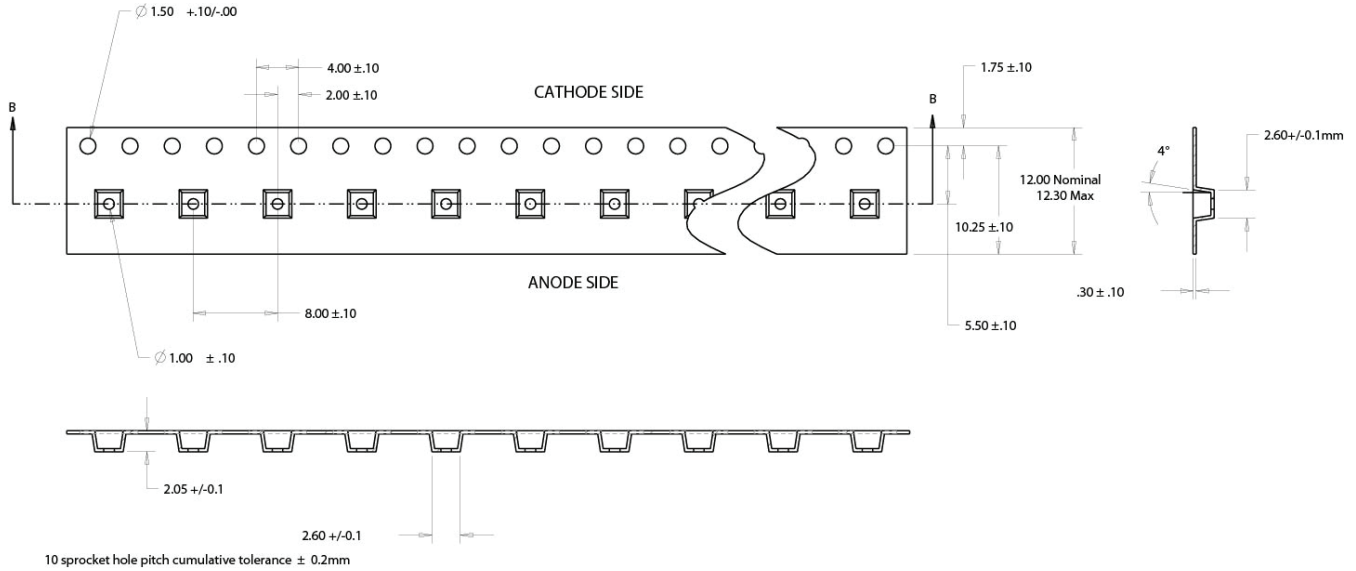

IMPACT OF CHANGE

Beginning September 17, 2012, customers may begin receiving shipments with the new carrier tape. Customers may receive both new and old carrier tape designs in the same shipment until Cree's inventory of LEDs on the old carrier tape is depleted.

No customer action is required.
