

Information Letter Number: SensirionChannels-202111-wh**Date:** 27.09.2021**Title:** Sensirion AG, Warehouse transfer from Stäfa to Nänikon, Switzerland**Product Identification:**See shipping documents, quotation or Sensirion Price list from Sept. 30th, 2021**Reason for Change:** Design Production Logistics Manufacturing Location Quality/Reliability Upgrade**Change Description:**

Due to increasing growth, especially in production and delivery quantities, Sensirion wants to be prepared for the future. In this context, a high level of customer service in terms of delivery capability is of utmost importance. Storage capacity and logistical connection are the strategic key points for the decision to transfer the Sensirion warehouse Switzerland from Stäfa, ZH to Nänikon, ZH.

Distance Nänikon – Stäfa: About 19 km (12 mi)

Distance Nänikon – ZH Airport: About 18km (11 mi), instead of 36km (22mi) from Stäfa

The warehouse transfer will be completed in stages by product group from Nov. 1st to Nov. 22nd 2021.**The following transfer steps are planned:**Nov. 1st – 7th Humidity and Temp Products (SHT, STS and further)Nov. 8th – 14th Differential Pressure and Gas Flow Products (SDP, SFM, SFC and further)Nov. 15th – 22nd Liquid Flow, Evaluation Kits, Trade Goods (SLI, SLG, SLF, SLS, LD, SEK and further)

This might lead to shipments from 2 different locations (in Switzerland), depending on products and date of shipment during this period of 3 weeks.

As a consequence, Sensirion has to adapt their delivery conditions from FCA Stäfa to FCA Nänikon very soon. You will also find the adjusted shipping location already in the current price list information.

New Warehouse Address of Sensirion AG in Switzerland:

Gewerbstrasse 8

8606 Nänikon

Switzerland

+41 76 392 24 35

Identification Method to Distinguish Change:

Date period as mentioned above and quotation or shipping documents

Quantifiable Impact on Quality & Reliability:

None.

Estimated Implementation Date*: Nov. 1st – 22nd, 2021

* The Estimated Implementation Date is the forecasted date that a customer may expect to receive changed product. This may be affected by fluctuations in supply and demand.
