Assembly Site Transfer-PSI Technologies

Description of Change

PSI Technologies is moving facilities from Calamba Laguna to Binan Laguna facility which is owned by its parent company IMI- Integrated Micro-Electronics Inc. Full electrical characterization and high reliability testing has been completed on representative part numbers to ensure there is no change to device functionality or electrical specifications in the datasheet. Qualification / reliability plan and report are included with the Final PCN.

The move is expected to be completed in December 2021.

Products with date code P2140 and later may be built in the IMI facility.

Reliability results are available. There is no change to the Form, Fit, or Function of products affected.

Reason for Change

Consolidation for production efficiencies

Comments and/or

Customer Acknowledgement/Responses

All Customer responses must be sent via e-mail to PCNResponse@Unitedsic.com When replying, please include the PCN number in subject line. Lack of acknowledgement of the PCN within 30 days constitutes acceptance of the change. After acknowledgement, lack of additional response prior to the planned implementation date constitutes acceptance of the change. An acceptance, concern, sample order request or a request for further information should be submitted to UnitedSiC in a timely fashion, (i.e., customer should not wait to the end of the review period before responding). If the customer requires additional time to perform sample testing, beyond the stated planned implementation date, an extension must be negotiated with UnitedSiC. Any contractual PCN agreements made with UnitedSiC supersede these requirements.

UnitedSiC Confidential. This form and the information herein is the property of UnitedSiC and are issued in strict confidence. Do not reproduce it, copy it, or give it to a third party without express permission from UnitedSiC.
