Subject: European Safety Update

Dear Customers:

Inalways have taken the decision to change the European certification of the below listed series from ENEC to TUV approval.

Affected series:

0717

0717-1

0717-2

0717-1S

0717-2S

In order to meet compliance with the latest IEC regulations, reinforcement has been made to the fuse holder structure on 0717 series, this change to the structure does not have any impact on appearance, dimension and application of production. Structural changes can be viewed in the below attached drawings.

TUV certification estimated to be achieved by the middle of August.

From 29th July 2018 no more shipments of the old ENEC compliant product can be supplied.

Yours faithfully,
Inalways Corporation
