Product Change Notification

We are going to standardize identification tag to label with QR code including Trace No. to improve traceability and level of quality assurance.

Due to this, format of identification tag of products will be changed, so we announce in advance.

1	Products affected	All products (Except for products which have identification tag designated by customers)
2	Classification of changes	Change to identification tag applying QR code
3	Changes	<p>Standardize identification tag to label with QR code. In addition, we will add Trace No. to improve traceability.</p> <p>Items to be shown on identification tag are as below. Please refer to the Attachment 1 on details.</p> <ul style="list-style-type: none"> • CL code, Spec. No. • Hirose Part Number • Quantity • Country of Origin • Trace No. • Lot Mark (in case there is lot mark on the products) <p>System and digit number of Trace No. will be changed. If you should use our system of trace number as your standard, please feel free to contact a Hirose business representative.</p> <p>These changes will not affect product performances.</p>
4	Reason for changes	To improve traceability and quality assurance level.
5	Timing of changes	We're going to change from April, 2018 and complete by March, 2019.

If you should have any questions, please feel free to contact a Hirose business representative.
