PCN Ref Nº: PT-6 and PS-6 marking improvement

The new laser marking used in the PT-6 and PS-6 products not only allows more contrast and clear letters but a higher quantity of characters to be printed too.

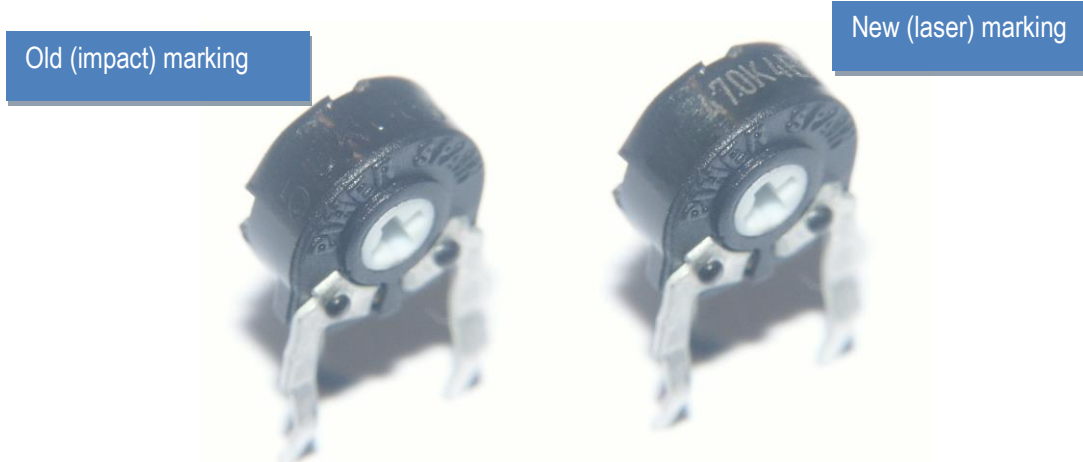

While impact marking only allowed seven digits max., now we can print up to ten digits thus providing more valuable information.

Please be informed that we are upgrading the PT-6 and PS-6 marking pattern to match the scheme used in PT-10 and PT-15 family.

Old marking: Value, year, month, week, opcional E for long life (**Max. 7 digits**)
Example *100K2H2*

New marking: Value, year, week, tolerance, opcional E for long life (**Max. 10 digits**)
Example *100K427ME*

Note: custom/special products might have a different marking scheme

INVOLVED ARTICLES: PT-6 and PS-6

SAMPLES AVAILABILITY DATE: immediately

FIRST DATE TO SHIP CHANGED PARTS: 16th February, 2015
