

Issue. No. : BBHKN-17-00061  
 Issue date : October 10, 2017

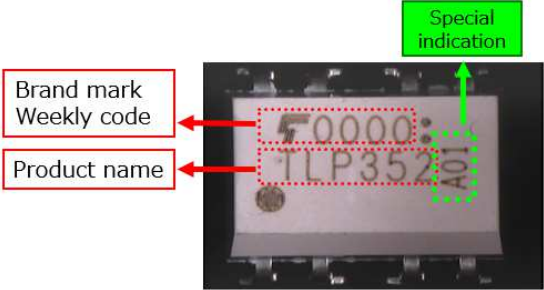

**To.** \_\_\_\_\_

**CHANGE NOTICE**  
*for photo-coupler products*

We appreciate your continuous patronage of our semiconductor products.  
 With regards to our Photocoupler product which is delivered to your company, please be advised that the following change is planned.  
 Your guidance and continued support would be highly appreciated.

**1. Refer to the next page (excluding PP product)**

**2. Change content:**

Change content	Before chang	After change
1) Change of indication	<ul style="list-style-type: none"> <li>No special indication</li> </ul>	<ul style="list-style-type: none"> <li>Special indication is added.</li> </ul> <div style="text-align: center;">  </div>

**3. Reason for the change:** To enhance Lot traceability  
 Special indication enables to trace the assembly lot from a product.

**4. Product characteristics:** Since it is a change of indication (addition of special indication), product characteristics and reliability will not change.

**5. Change schedule:** The change is planned from the production of November 2017.

**6. Request:** We would appreciate it if you could notify us through our Sales representative in case of any inconvenience caused.  
**Notification due date : October 27, 2017**

Sincerely yours,

F. Hirano / Manager  
 Quality Planning Group  
 Quality Assurance Department  
 Buzen Toshiba Electronics Corporation

(Drafted by T. Uchino)

A special indication will be added on the package to enhance traceability.

■ Plan of the marking

Information of special marking

■ Applicable product

- L E D I P...All product of 4pin / 6pin / 8pin / SDIP (PP product will be excluded)

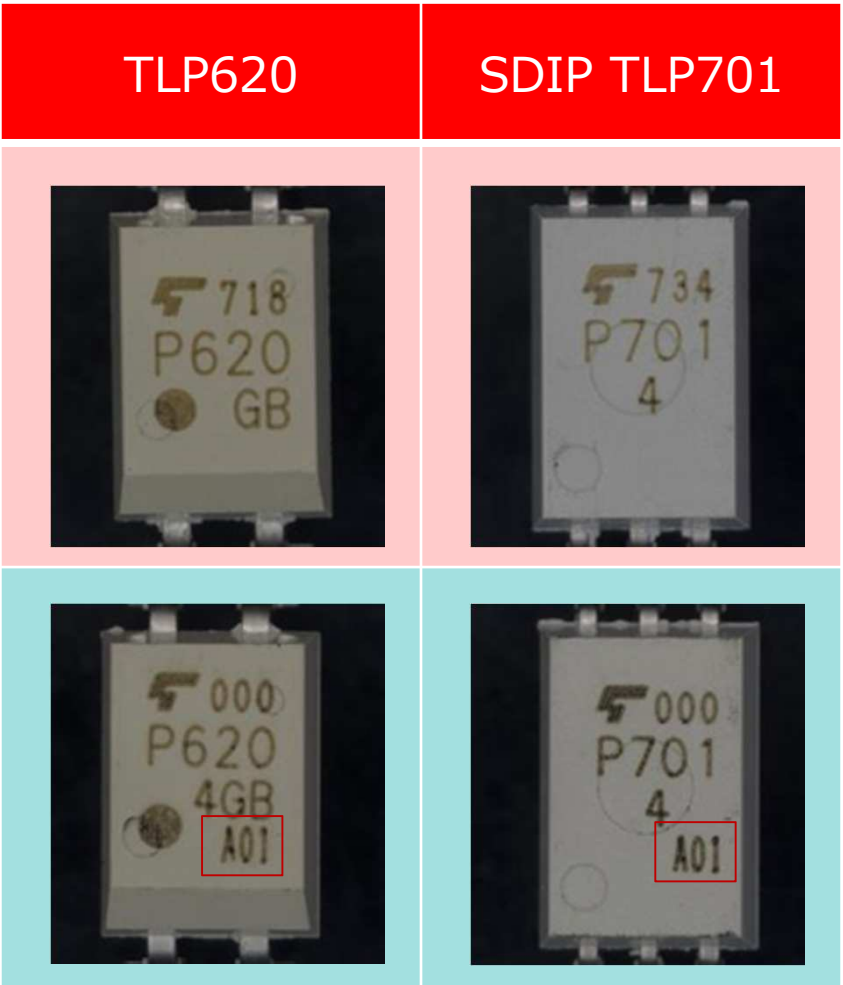

■ Further deployment / task

- After deploying to all LEDIP product, we deploy to SOP, ZEUS product.
