**Affected product:** Koa Melf resistors RD412B, RN412B, and CC12.

**KOA part number:** RD412B, RN412B and CC12.

**Customer part number:** Separate file upon request

**Description of change:** As the market for MELF resistors is declining year after year, we face a significantly difficult situation to continue manufacturing these resistors including procurement of raw materials. Recently, we were notified by our material manufacturer the discontinuation of type 2B's terminal material, and in response, we made all efforts to find alternative supply sources to maintain the procurement. In spite of our efforts, we were unable to find an economically feasible solution, and reached a conclusion that we have to discontinue the production of type 2B of MELF resistors.

**Last time buy date:** 31. August 2010

**Effective Date of the  
Obsolescence:** 01. Oct. 2010

**Product identification:** by lotnumber

**Sample availability:** available

**Qualification / Testdata:** Please check also attached datasheet.
